About Us

Introduction

We are a print business based in March, Cambridgeshire, and have been operating since 2006. We create standard and bespoke print solutions for a wide range of customers, from individuals, local organisations and small businesses through to large multinational companies.

We pride ourselves on maintaining our level of personal service while keeping an eye on the budget.

Our dedicated team has many years' experience, and we work to ensure you receive a professional yet personal service.

Find our artwork guide, terms & conditions and privacy policy on our website www.marchsp.co.uk.

If you require further copies of this print guide and/or paper sample swatches, please contact us.

**The guide is also available on our website www.marchsp.co.uk.
Click 'Our Services'**

The Team

Steve

After many years working in printer logistics management, Steve founded March Stationery & Print in 2006. He continues to have a hands-on approach and manages the day-to-day print processes and account management.

Derek

Derek joined March Stationery & Print in 2022 as designer, having spent many years working in creative and design roles. Outside of March Stationery & Print, his hobbies include gardening.

Damien

Damien is our production and finishing expert. Outside of March Stationery & Print, he enjoys appearing on stage with local amateur dramatic societies, along with other acting roles.

Jane

Jane is our designer for project-based work. Outside of March Stationery & Print, she works as a freelance editor, proofreader and publisher.

Our Services

We offer a variety of design, print and finishing processes using a range of different materials, from standard products such as business cards and leaflets, through to more intricate print and finish solutions such as bespoke box production.

This booklet details many of the services we can provide, but due to the number of print and finishing options available, it is not comprehensive.

With the addition of new equipment and stocks our capabilities are always evolving, so if you require anything specific that you can't find here, please call or pop in and visit us.

Our in-house equipment allows for fast turnaround of work and cost-effective low volume runs, and it is ideal for more bespoke requests. For higher runs, or for signage-type work designed for outdoor use, we can often print manage out to one of our trade partners as a cost-effective option.

Some of the types of work we produce in-house are:

Business cards	Photocopying	Kiss-cut bespoke labels
Letterheads	Plan printing	Printed shape cut & crease
Compliment slips	Plan copying	
Leaflets/Flyers	Large format posters	CD/DVD duplication and/or print
Booklets		
Newsletters	Digital photos	
Document production	Canvas printing	

Our advanced finishing capabilities allow us to create such products as:

Duplicate pads/books	Picture folders	Calendars
Raffle tickets	Branded notebooks	Desk calendars
Vouchers	A4/A5 document dividers	
		Small format boxes
Greetings cards	Tent cards	Pillow boxes
Loop lock labels	Table talkers	
Plant tags	Wedding invitations	
Door hangers		
Shelf wobblers	Laminated bookmarks	
Kiss-cut stickers	Printed envelopes	

Delivery Service

Collection from our shop is convenient for most of our customers. If you cannot collect, we can arrange delivery.

For small orders we offer Royal Mail delivery at cost. For larger packages we offer parcel delivery at cost, and for orders over £200 net we offer free standard delivery to one UK mainland location.

Our Equipment

Benefits of Digital Printing

Speed

Digital printing offers a quicker response time due to its minimal press setup. There are fewer steps in the printing process and, as a result, the final product can be delivered quicker.

Cost Effective

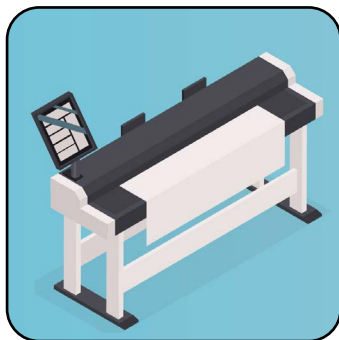

Because printing plates are not required, there is less investment involved to set up a single job.

Short Runs

Digital printing is the ideal method of producing short to medium print runs.

Variable Data/Versioning

Digital printing provides the most affordable solution to customize marketing materials, direct mail pieces and letters, business cards, and more.

Our Equipment

Our in-house equipment includes:

Printing	Great For
Xerox Digital Printers	Production printing of paper-based products such as documents, flyers, business cards, postcards, invitations, booklets, etc. Also great for batch scanning documents. Uses stock from 80gsm to 350gsm
Epson Discproducer	Duplicating and printing of CDs and DVDs
Video Transfer Equipment	Transferring VHS and camcorder tapes to DVD
Photo Kiosk	Programming and adjusting digital photos that are then printed on the Epson Digital Photo Printer
Epson Digital Photo Printer	Producing photographs from 6"x4" to 8"x12"
Epson Photo Scanner	High resolution scanning of photos and the like up to A4 size
Epson Wide Format Printer	Photo enlargements, canvas printing, plan drawing, posters
Plan Scanner	Producing plan copies of building/engineering line drawings from hard copy up to A1 size

Our Equipment

Finishing	Used For
Duplo Cutter/Creaser	Square cutting and creasing of paper and card (160gsm and heavier) for products such as business cards, greetings cards, postcards, leaflets, bookmarks, etc.
Intec Flatbed Digital Cutter	Creasing, shape cutting and kiss-cutting of card, folding box board and labels that have been printed on the Xerox digital printers
Matrix Laminator	Applying one-sided or double-sided lamination to SRA3 card which has been printed on the Xerox machines prior to cutting to size. For products such as business cards, folders, postcards, greetings cards, etc.
Digital Ideal Power Guillotine	Cutting stacks of paper and card
Perfect Binder	For gluing softcover/paperback books
Rotary Perforator	Perforating - duplicate/triplicate books, raffle tickets, job sheets, etc.
Wire Binder	Binding documents, booklets and calendars
Saddle Stapler	Stapling non-standard books/booklets such as A4 landscape or heavyweight stock
Pouch Encapsulator	Encapsulating (often referred to as laminating) up to A3 size
Thumb Cut Calendar Tool	Cutting half-moon shaped "thumb cuts" in calendars to insert hanging wires
Morgana Paper Folder	Folding higher volumes of paper to create folded leaflets
Padding Press	Gluing pads
Corner Rounding Punch	Round cornering card, laminated work

VAT in Print

Prices in this booklet are shown ex VAT.

There are many print-related items that can be zero-rated as per VAT Notice 701/10, such as most booklets and leaflets. Please enquire for more information.

Printing for Charitable Organisations

We offer a discount of up to 20%* on our prices for charitable organisations, on presentation of proof of charitable status and on condition that the printing is clearly for that organisation.

**not including any other offer; not available on bespoke quotes*

Flatbed Cutting

Intec Flatbed Cutting

Our new digital cutting machine makes small format, short run die-cutting, creasing, perforating and kiss-cutting a cost-effective option for creating custom shapes. The process is ideal for creating products including, but not limited to, boxes, hanging cards, shelf wobblers, stickers, folders, tent cards ... the list really does go on.

There are too many options and permutations to list prices here, so if you have any requirements please contact us and we will be happy to discuss options with you.

As a general guide, costs are made up of the following:

Design Setup

Standard shapes that require little design setup, such as basic round or rectangular stickers, incur no cost.

For more complex designs, if they are not already on file or supplied to us in the correct Adobe Illustrator file type, the time required to create and prototype cutting patterns is charged at our standard artwork fee of £30 per hour. Typically, these fees would be:

2D (flat) designs, such as kiss-cut stickers, in the region of £15.

3D designs, such as boxes, in the region of £60.

Equipment Setup, Print & Finishing

- Print, and lamination if required, is charged at our digital print prices (material limitations apply)

Plus:

- Equipment setup charged at £5
- Finishing for SRA3 sheets – 20p to 30p per sheet, depending on design complexity

Tabbed dividers

Shaped wedding stationery

Intricate wallets and folders

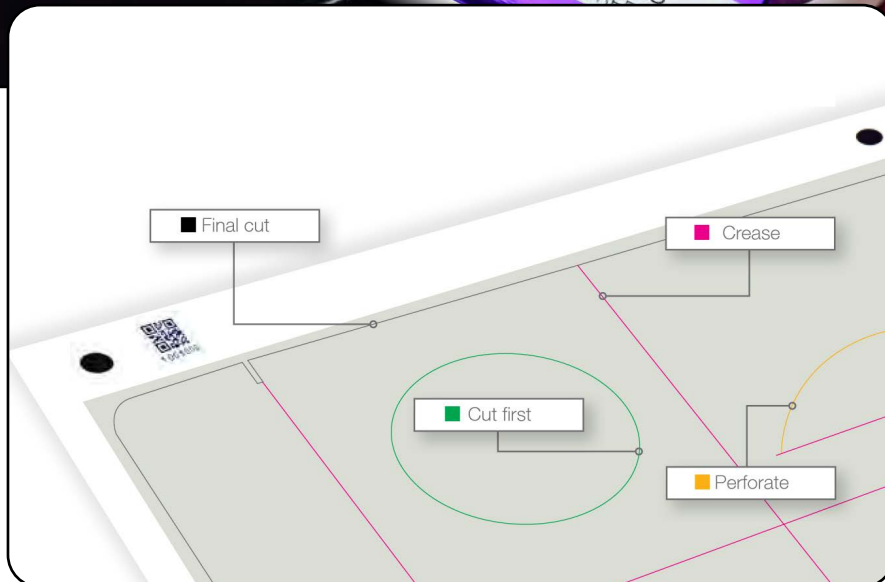

Contour cut mailers

Hotel key card pouches

Flatbed Cutting

Bringing short to medium run cutting in-house

Paper Stock

Introduction

It's important to choose the right paper for your purposes. As well as having an impact on your final product, the paper you choose affects how, when and where the printed piece can be used. It can also have an effect on price.

The things to think about when choosing paper stock are the weight and the finish.

Weight

The weight of the stock is expressed in gsm (grams per square metre). In most cases, weight corresponds to thickness and stiffness. The higher the weight, the thicker and stiffer the paper. As a guide, regular photocopy paper is normally 80gsm, letterheads 120gsm and business cards 350gsm.

Finish

Papers are either coated or uncoated. Uncoated paper is non-reflective like printer paper. It is the easiest to write on and is generally used for things like standard stationery, inexpensive flyers, forms and newsletters.

Coated paper has been covered with a thin material on either one side or both and has a sheen to it. It is more difficult to write on, especially with pencils or ballpoint pens, but is good for products like brochures, catalogues, and postcards.

We keep a range of different paper stock in A4 and A3 to suit a variety of needs. For basic document printing we use standard 80gsm and 100gsm stock.

Lamination

On stocks of 200gsm and higher we offer single- and double-sided lamination. The lamination process adds an extra dimension to your print by applying a film which provides an added visual effect and a tactile finish.

Lamination makes your print more durable and works great on, among other things, business cards, postcards and small format boxes.

We offer:

Matt Lamination – Silky and smooth to the touch; softens images.

Gloss Lamination – Ultra shiny finish; artwork colours appear punchier.

Paper We Use For Full Colour and B&W Digital Printing

80gsm Superwhite 100% Recycled Uncoated

A premium ecological paper with excellent whiteness. This paper is best for standard, economical printing, for example forms, newsletters, etc. FSC Recycled Certified.

120gsm Premium Uncoated

A heavier weight uncoated paper, good for business stationery such as letterheads and compliment slips. Being uncoated, it is ideal for writing on. Also good for economical flyers, or posters for indoor use.

170gsm Silk

A coated paper with an elegant, silky sheen to it. Good for products such as flyers, brochures and posters.

160gsm Premium Uncoated

A heavier uncoated paper/thin card. Good for premium business stationery, flyers, invitations.

250gsm Silk

A heavier coated paper/thin card, good for premium flyers, budget invitations and posters. Also suitable for budget business cards and tickets.

200gsm Superwhite 100% Recycled Uncoated

A premium ecological paper with excellent whiteness. This paper is a great mid-weight alternative to our coated range. FSC Recycled Certified.

350gsm Silk Card

Our standard business card stock. Silk coated. Also good for postcards, greetings cards, bookmarks, place cards, etc. Ideal for shaped products cut on our Intec Flatbed Digital Cutter.

260gsm Folding Box Board Silk to Front

Silk coated to one side and uncoated on the other, this is ideal for making up into bespoke packaging products such as lidded boxes, pillow boxes etc.

300gsm Superwhite 100% Recycled

A premium ecological card with excellent whiteness. Good for brochures, premium vouchers and leaflets, while having a more natural appearance. Ideal where writeable card is required. FSC Recycled Certified.

190gsm Tear Resistant Polywhite

Highly durable, tear resistant and water resistant, this is great for high humidity environments and can be cleaned with anti-bacterial spray. Good for products such as shelf wobblers and in-store promotional materials.

Permanent Sticker Sheet (solid back)

Ideal for shaped kiss-cut labels and stickers.

344gsm Tear Resistant Polywhite

A heavier weight version of the 190gsm, highly durable, tear resistant and water resistant, this is great for menus, brochure covers and longer-lasting indoor posters. Like the 190gsm, it can be cleaned, although it is recommended to test cleaning products first.

Basic Printing

Basic printing is from USB, memory card, email, etc. For best results, we recommend providing your files as PDFs.

Costs are based on Copying prices, with a minimum charge of £1.60.

There may be an additional charge for complex file handling and/or extra finishing requirements.

Please note: the Basic Services prices are based on standard 80gsm paper.

This is not a borderless print, nor does it include any finishing. For borderless printing, please refer to our Full Colour and B&W Digital Print sections.

Booklet Printing

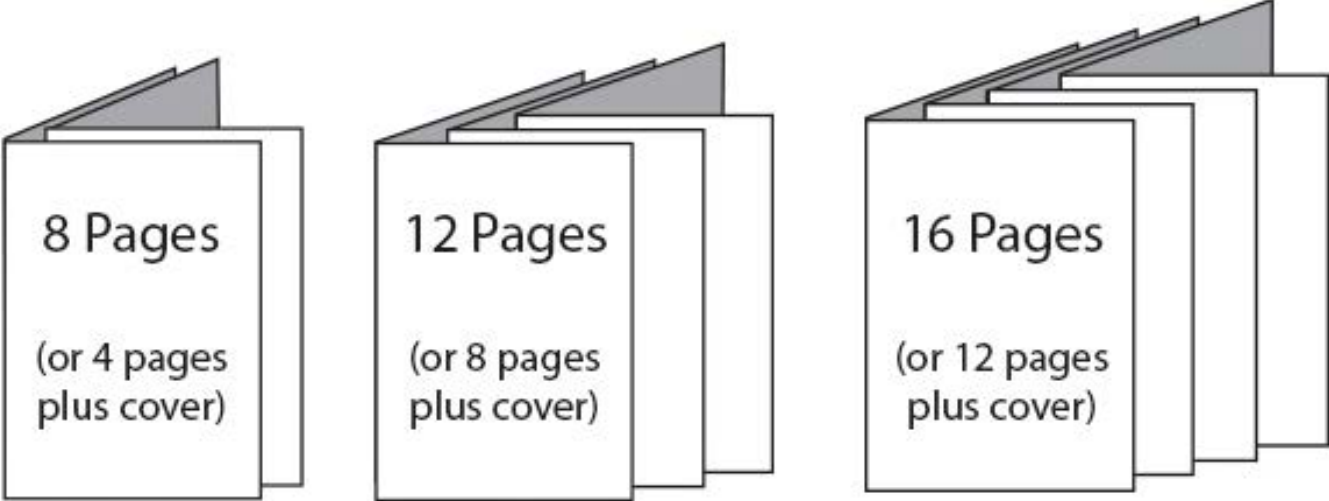

Image from Freepik

We can print stapled booklets (with a minimum of 8 pages - see diagram below) at A4 or A5 size, in colour or greyscale.

Prices will depend on print run and the various options you require with regards to paper stock, cover, etc.

Please see the following pages for permutations and costs.

Booklet Printing

Regular Booklet Printing

We can offer discounts on regular booklet/newsletter printing. If you produce monthly/bimonthly/quarterly booklets or newsletters please provide the details and we can create a bespoke quote for you.

Other Booklet Permutations

Due to the amount of permutations we cannot list all the options. If you require booklet printing not listed please enquire.

Different Quantities

If you require odd quantities please work on a pro-rata basis of the next quantity down.

High Run Colour Booklets

If you require high run colour booklet printing and can afford to wait a little longer we can outsource to our lithographic printers who can complete non-variable data booklets in other finishes at reduced rates.

VAT On Booklets

Prices in this booklet are shown as VAT exclusive.

There are many print-related items that can be zero-rated as per VAT Notice 701/10. This includes most books and booklets, unless they are designed and printed to be written in, for example diaries, calendars and record books.

Please enquire for more information.

EXTRAS EXPLAINED

¹ NUMBERING

Your sheets numbered starting with the number of your choice.

² BOOKS

NCR sets are glued together to create a pad. The glue allows individual sets to be removed from the pad. A book is like a pad, but one or more parts stay in the book. The other part(s) have a perforated edge so they can be torn from the book.

³ TOP SHEET FRONT COLOUR

Printing the front of the top sheet in colour rather than in standard greyscale.

⁴ TOP SHEET REVERSE

Printing on the reverse of the top sheet only, in greyscale only.

⁵ ALL SHEETS REVERSE

Printing on the reverse of all sheets, in greyscale only.

Document Printing from PDF

We are able to process many forms of document printing for a wide variety of purposes.

When provided to us in a print-ready format, i.e. fully collated and ideally in a PDF format, we can offer a rapid turnaround which is often a simple and cost-effective way of producing materials such as training manuals, health and safety guides and many other types of in-house documentation.

Please Note:

Prices apply to runs of over 500 double-sided / 1000 single-sided sheets.
(For lower quantities please refer to our Basic Print Services section.)

This is not a borderless print, nor does it include any finishing. For borderless printing, please refer to our Full Colour and B&W Digital Print sections.

Popular Products

While this doesn't represent our entire range, some of our other popular products are calendars, greetings cards and bookmarks.

For costs, see following page.

Calendars

Not only are calendars great organisational tools, they're also useful for marketing.

We offer wall calendars and desk calendars.

Wall Calendars

We offer three styles of wall calendar to suit your requirements and your budget.

Style 1

- Wire-bound along the top (white wire) with hanging wire
- A5, A4 or A3 size
- At A5 and A4 size, portrait or landscape orientation (at A3 size, portrait only)
- Single-sided consists of 14 physical sheets
- Double-sided consists of 7 physical sheets, printed on both sides

Style 2

- Wire-bound in the centre (white wire)
- With hanging hole
- With or without hanging wire and thumb cut
- A5 opening to A4, or A4 opening to A3
- 26 pages (13 double-sided physical sheets) plus clear covers

Style 3

- Budget option
- Pages folded and stapled
- A5 opening to A4, or A4 opening to A3
- Hole drilled for hanging
- Not borderless
- 28 pages (7 double-sided physical sheets)

Popular Products

Style 4

Desk Calendars

Ideal for keeping your branding in plain sight.

- Printed single-sided
- Wire bound (white wire)
- Box board strut card to keep upright

Greetings Cards

Ideal at Christmas, or on any other occasion, to send thanks and best wishes to your clients.

- Supplied creased and ready for folding
- A4 folding to A5, or A5 folding to A6
- Portrait or landscape
- Lamination as an optional extra
- Envelopes included

Bookmarks

As an item that people tend to keep and use, bookmarks are ideal promotional products for many businesses, including booksellers and other retailers; also great as keepsakes for school leavers, weddings, etc.

- Printed single-sided or doubled-sided
- 55mm wide, and either 140mm or 210mm long
- Lamination as an optional extra

Popular Products

Print Management

In print, as with many trades, there are specialists in particular fields. As a result, we find that there are some needs that are better suited to our trade partners. We are able to manage such jobs and work with our partners and contacts to produce orders such as high volume lithographic print runs, for example booklets, leaflets, etc., and most of your signage needs.

Print-managed work gives you the best of both competitive pricing and a personal service. Please note that the prices are quoted per design.

Artwork & Design

A Brief Guide to Creating Your Own Artwork and Design

The most economical solution for you is to supply us with your own digital print-ready design, so that you will only need to pay for the printing. Although we can work with most formats for printing, we recommend the following industry standard guidelines for best results:

- Preferred format is PDF (other formats may be acceptable - please contact us)
- CMYK colour format
- Ensure all images used are at least 300dpi and output your file at 300dpi. Anything lower can result in pixelated images
- If your artwork extends to the very edge of the page, ensure there is a bleed area of an extra 3mm to each side, so the document is 6mm taller and 6mm wider than the finished size required (see diagram below)
- The recommended safe area is 5mm - keep your important text and images 5mm in from the edges
- Embed fonts, or convert text to curves/outlines, to avoid fonts being substituted

Example: If you require a postcard sized 105mm wide by 148mm high, the artwork needs to be created at 111mm by 154mm so we can trim 3mm off each edge, ensuring that your design goes to the edge of the paper.

FILE CREATED WITH 3mm BLEED

Trim

This is where we cut your document - represented by the solid lines

Bleed

If you have artwork that extends right to the edge, you will need to create your document with an extra 3mm bleed area all around and extend the artwork into this bleed area.

Safe Area

Keep all important text, logos, etc. inside the safe area (5mm from the trim edge), represented here by the dotted line

FINISHED PRODUCT AFTER TRIMMING

Artwork Adjustments

Where you supply artwork and request us to check or amend it (where possible), we reserve the right to charge for the time spent at our standard artwork rate.

Artwork/Layout Created For You

If required, we can create your artwork/design for you. This is charged on a time basis of £30 per hour, although many simple designs (such as text only) are not time-consuming, so this need not be an expensive option. Please contact us to discuss.

Our artwork prices include a hard copy proof for layout purposes if required. Your artwork is then kept on file should you require future print runs.

“ We consider March Stationery & Print an essential part of our team. The quality of print and response time to requests is always 100%. I couldn't recommend them more highly. ”

– Katherine Nightingale
20Twenty Productions

“ Steve and the guys at MSP do a professional job to the highest quality, and they turn work around at a fast pace, providing great value for money. In addition, they are always happy to discuss requirements and make changes right up to the last minute! Very friendly, family feel and a great asset to a local market town. ”

– Dominic

“ Great quality and price-friendly. Brilliant. ”

– Ryan Watson
